### Local flying

**June 25** – John Thompson reports - Great flying session today! (Well, except for Gene's plane giving troubles. But we still had a good time at the field.)

**July 1** – John Thompson reports - We had a great flying session at the airport Saturday. Six of us showed up to fly and kept the circles busy for quite a while.

Gene Pape and I flew combat planes, Floyd Carter and Mike Denlis flew stunt planes, and Dave LaFever and Jim Corbett did some sport flying.

**July 8** – John Thompson reports - We had a great flying session at the Ranch Saturday. Four of us showed up and flew.

### Ranch update

John Thompson reports - Floyd (and others) should find the center circle much more to your liking now.

This afternoon I went out and distributed five more big bags of bark or mulch on the center, all the way out to the painted line. It should feel much better underfoot now, especially after we have stomped it down with a few flights. Thanks for pointing out the need, Floyd.

I think we'll be pretty happy with it now.
