John Thompson refuels his ASP .25-powered Super Clown in the Northwest Sport Race final.

John Thompson reports - Cool, misty mornings gave way to breaks of sunshine and the occasional sprinkle at the 32nd Fall Follies, but flying conditions were good all weekend, particularly on Sunday, when just the lightest breezes made for some great flying and some high scores in aerobatics. It was occasionally breezy on Saturday, but every scheduled flight took place.

Turnout was light for the Saturday aerobatics events, but there was competition in every class.

Editors note: John Thompson was the Northwest Sport Race winner.
