Local Flying

Oct 19 - John Thompson reports – We had a good flying session again at the ranch. Overcast sky helped make it easier to see (no staring into that annoying sun) and the air was very calm, good for lots of flights! Attending were Jim Corbett, Russ Hester, Dave La Fever, Gene Pape, John Thompson and Gary Weems.

Oct 26 - John Thompson reports – We had an excellent flying day at the ranch with mild temperatures and very little wind. Participating were Jim Corbett, Dave La Fever, Gene Pape, John Thompson and Gary Weems.

Nov 2 - Jim Corbett reports – CANCELED due to forecasted rain.

Nov 9 - John Thompson reports – Despite an iffy weather forecast, we had a very nice flying day at the ranch. Chilly weather required warm clothes but the wind was mild and it did not rain. And the wind was blowing away from the sun, making it easy to see the

plane! Can't get much better than that. Participating were Jim Corbett, Gene Pape, John Thompson and Gary Weems. Lots of flights! Gary got a lot of flights in on his Cardinal and Flite Streak; Gene flew his new Demon; JT flew various stunt planes, including the first full Old-Time Stunt pattern on the new Wildman 60.
