52	10/9/2022	Timothy LaNore	Mr	timbo_422@outlook.com	United States	MD		PGRC's Field in Upper Marlboro Maryland	Skylancers of Washington (@ PGRC)	527	Glo Super Ringmasters, Glo S1 Ringmaster, Glo S1a Ringmasters, Electric Baby Ringmaster Bipes, Electric Jr. Ringmaster (made from foam), Electric Baby Ringmasters (made from coroplast) & an Electric Baby Ringmaster (made from foam).	12	Saturday/ George Marenka, Kathleen LaNore, Tim LaNore, Joe Pekney, George Harrison IV (new pilot), Alden Moses (new pilot) & Mark Bush (new pilot). Sunday/ George Marenka, John Vlna, Kathleen LaNore, Tim LaNore & Alden Moses.	Thanks to hurricane Ian, we had to fly on the make up weekend. The weather was pleasant but windy making it difficult to fly the smaller planes but we managed anyway. Despite having a cookout on Sunday we put up more flights (289) than on Saturday (238). All in all, this is a fun event that our group of control line flyers in the midst of a large rc club really look forward to each year. DON'T CHANGE A THING !!! Keep promoting this event the way it has always been.	5
53	10/10/2022	Michael	Cole	wd8nha@yahoo.com	United States	MI		Allendale		5	Brodak Ringmaster with Fox 35 Stunt 1 flight, Sterling S1A with McCoy 29 RH 2 flights, Sterling S1 with Fox 35 Stunt 2 flights	1	Mike Cole	Made it in the last hours! Had to fly on the makeup weekend but it was too windy until Sunday evening. Wind finally calmed down about 5:00 pm and I was finishing up as the sun went down.	5
54	10/2/2022	Robert	Robinson	bobrobinson@jackpine.com	United States	MI		Baldwin	Lake County Modelers and Flyers Association	2	Ringmaster S-1	1	Robert Robinson	Such fun to be part of this huge project.	5

60	10/6/2022	Duncan	Stone	dnstone@kc.rr.com	United States	MO		Lee's Summit	Radio Control Sport Flyers	1	Beginners Ringmaster	-1	Duncan Stone	This plane was built three years ago and this was the first flight. It is powered by a Cox Baby Bee .049. I used 25' dacron lines, which are what i remembered using with my Cox planes in the 60's, and they were way too short. I was spinning much faster than I anticipated and the guy who launched me was laughing his head off. I was too, after the engine ran out of fuel. Great fun. My full size Ringmaster is mostly done, but I just couldn't get it ready. Wait till next year!	5

On just 10% nitro, we got 109 mph on the Zingmaster with a Super Tiger .35 on bladder and 124 mph on the Sweepmaster with a Nelson .36 on bladder. Both airplanes were designed and built by Dee Rice. Mark and Howard really rung em out! David G would have had more flights on his electric S-1 if not for the separation of the stab/elevator on the take off. The airplane took off straight up and despite a desperate attempt to catch it, over the concretewell, you can figure out the rest.
