

AMA Charter 534

Control line Get Together (Fun Fly) June 25, 2022

Rogue Eagles R/C club field (Agate Skyways)

No competitive events are planned.

We have a 70 foot x 54 foot radius circle made of "Field Turf", like mowed natural grass, not Astro turf.

Any kind of control line plane is welcome! The circle is probably not smooth enough for dolly launched speed planes, but anything else should be happy. Vintage combat? Scale? Carrier? PA? Sport!?

Lunch will be provided.

There will be "raffle" items available. More like swap meet items actually. Bring something useful and take something new home.

The field will be NOT be closed to other R/C activity. They fly in a different area and we will not overlap. We can easily watch each other however. If you want to fly R/C as well, that is OK too.

AMA membership IS required.
Rogue Eagles membership is NOT required.
