

Prop Spinner Chatter

VOLUME 18 ISSUE 2 AMA Charter #529 Eugene Prop Spinners <http://flyinglines.org> February 2010

Club News and Other Information

Last Club Meeting

Our last meeting was on January 17th. Some dues were collected.

Club Flying

Sunday January 17 – Our meeting was a bit damp, but held at the field. Attending the meeting were Mike Denlis, John Thompson, Tom Kopriva, Mel Marcum, Gene Pape, Mike Massey, Jim Corbett and prospective member Dwayne Granville. Mike Robinson arrived after the meeting.

John Thompson reported - Weather forecast was for windy, some rain. But when we got up in the morning, there was no wind and it wasn't raining.

When we arrived at the field, there was still no wind and a light sprinkle that might or might not stop. Should we fly, or should we go to the restaurant? We decided to fly.

A good turnout of club members showed up, plus one new recruit. Sprinkles increased. We held our meeting fairly quickly and got busy flying. Still almost no wind. Sprinkles increased. A few of the brighter minds decided to go home and watch football. Of the several who stayed, Jim Corbett, Mike Massey and I did the flying, a couple of flights each. Sprinkles increased to steady rain.

We gave it up about 11:30 a.m. We were home in time to get some shop time in!

P.S.: By the way, I post little reports on our weekend flying on the Flying Lines NW Message Board, accessible via Flying Lines web site It has reports on our flying going

back about three years. Take a look, and feel free to add to it.

Saturday January 23 – Mike Massey reported - It was suggested by those who shall remain nameless, that I mention the flying conditions today. As you all know, in the past when I go out alone on a predicted bad fly days, the weather has been phenomenal. So, I went today with predictions of a marginal fly day and GUESS WHAT? Sun kept shining in my eyes and not enough wind to blow in any cloud cover. Oh well, the things we must endure.

But at least I had a few witnesses to corroborate my claim. Counting myself, there were three Mikes. We also had Dwayne, the potential new flyer, drop by. Mike D had a little engine trouble so only got a short flight. Mike R flew a couple of 15 minute rounds and I flew 1 with the yellow Whatchamacallit and 2 on the "scratch" Pathfinder. The Pathfinder has real possibilities.

Sunday January 31 – John Thompson reported - Was a fine, partly sunny day with almost no wind at the Eugene flying field. Gene Pape, Mike Massey, Jim Corbett and I did a lot of flying and Floyd Carter came out for a visit. Stunt, combat and sport planes. We were all in T-shirts by the end of the session. What an enthusiasm-builder!

Floyd gave Jim another plane (KAY DOO) to fly.

February 6-7 - Mike Massey flew on Friday and Saturday.

(continued on page two)

Club News and Other Information *(continued from page one)*

Sunday February 8 - John Thompson reported - A good group was at the Eugene Airport for a very good flying day. Overcast, but perfect flying conditions, almost no wind. Gene Pape, Mike Massey, Tom Kopriva, Floyd Carter and I all flew.

Floyd's electric stunter really impressed. He's had this plane for a while but just did some adjustments and it flew great.

Event Reports

See the full Fun Fly report on Northwest Flying Lines web site at <http://flyinglines.org/>

Next Club Meeting Time and Place

Time and place – 10:00 AM **Sunday, February 21**, at the field.

Or at Wings restaurant in the airport terminal if the weather is bad!

DUES are due! John Thompson, Treasurer

It's that time of year again ... time to pay the annual Prop Spinners dues.

Your dues money goes for club expenses, including field maintenance and equipment, AMA charter expenses, state nonprofit registry, and any other expenditures approved by the club over the course of each year. Dues are \$25 per year.

You can pay your dues by cash or personal check. Make checks out to "Eugene Prop Spinners." Deliver payments to the treasurer at the flying field or mail to:

John Thompson

2456 Quince St.

Eugene, OR 97404

Floyd is flying Electric February 7, 2010

Floyd Carter's latest electric is performing GREAT!

Great looking!

No extra room inside.

Misc stuff

Passed along from Mike Massey: Virtual Aircraft Museum - <http://www.aviastar.org/index2.html>

At the Field January 17, 2009

Shall we have a meeting?

OK It's a meeting.

And then we fly.

Jim Corbett photos

At the Field January 31, 2010

Roll out the lines.

Less than a sec after launch

Notice the shadow, NICE TD!

Missing wind.

Mike Massey did not care.

It is going to be FUN!
