The President's Workbench...

From the President's Work Bench:

I want to thank all the people who have accepted nominations for positions for next year's TEAM organization. More than anything else, I have agreed to come back so that I can help us all have fun together, both as an organization and as a bunch of model aircraft enthusiasts (oh well, we are model aircraft 'nuts').

For about the 10th time, I am scratch building an airplane, Chuck Cunningham's "Lazy Ace" I had a kit about 6 years ago, built it, flew it, and then in a rash move, sold it. How I wished, about 10 minutes after it went out my door that I had not sold it.

I have thought for several years about scratch building another one. I have about 8 hours work on it, and I am in the process of building the top wing. It won't take much time and I shall have the top wing done, and even the bottom wing. I am making some modifications as I go, which will take a little more time.

November 9 TEAM Meeting notes...

Attendees:

Roger Weeks (president returning)
 Dave Bibbee Darrell Coggins
 Cecil Meade Bill Lawrence
 Jerry Eichten James Nichols
 Bill Wheeler Ken Yoder
 Terry Criswell Noel Martin
 Dick Johnson

TEAM Meetings

December 14, 2006—Meeting: election of officers at EAM, Thursday, 7:00 p.m.

January 11, 2007— Regular monthly meeting at EAM, Thursday, 7:00 p.m.

Why am I telling you all this? I want some of you who either have never built a plane, from a kit, or scratch built, to get on the stick, and do just that. And for those of you who have not built a kit in a long time, choosing to go strictly with ARFs to do the same. Build, build, build.

Just think of the pride of accomplishment, the joy of making something that actually will fly. If I can do it, so can you.

Happy flying, and many smoooooth landings.

Roger

WELCOME BACK, ROGER!!!

We were all pleasantly surprised when Roger called the meeting to order at 7:00 pm and announced that he was returning as TEAM President.

Treasurer's report: \$697.38 in the kitty.

DUES ARE DUE!!!

November 9 TEAM Meeting notes...cont'd

Glider Bill sez...

Old Business

Static Show:

- Include Swap Meet? NO!
- Flyers are ready for distribution.
- Friday, Saturday & Sunday (February 23, 24 & 25)
- It was decided to place a simple ad in the event calendar of Model Aviation.

Newsletter:

The newsletter will be snail-mailed to those without computers or email service. They will be printed in monochrome (black & white) to minimize costs.

HK-1 Project:

Progress continues on the static model for the Smithsonian. Bill Wheeler showed us the tail as it nears completion. Construction has been moved into the restoration area of the museum.

New Business

Nominations for TEAM officers:

- President: Roger Weeks
- Vice President : Ken Yoder
- Secretary: Bill Lawrence
- Treasurer: Dave Bibbee
- Membership Secretary: Terry Criswell
- Website: Jerry Eichten
- Raffles: Terry Criswell

To all members: We need some ideas for fund-raising. Please help us with your ideas. Terry Criswell suggested raffling off gift certificates at local hobby shops instead of soliciting their donations. This way, the hobby shop still gets some business and the winner can choose to satisfy his own needs.

Holiday event?: None scheduled yet.

Meeting adjourned and the attendees went over to see the HK-1 model in the restoration area.

Show & Tell:

Roger brought in the fuselage of an electric Ugly Stick. Really light. He had a problem with the stiff rudder pushrod and several guys offered some advice on how to free it up.

Dick Johnson

Well, Dick, I may not be a contributing "reporter", but I can mention that last Saturday Roger Weeks "flew" 10 kids on the buddy box for the Museum's education program. I assisted him by watching the kids as they guided the plane. Cecil Mead was there also, and flew several demo flights with his P-51 to the enjoyment of all.

Other news from Laureano below...

"Hi Bill!

Thanks so much for your note and words of encouragement!

I still have not found a venue to do what I do, and I am not so sure that will continue to work with kids or in education. I will probably volunteer with the Rogue Valley Flyers this spring to help with their buddy box R/C program that they do for the Three Rivers School District. I am going to continue my investments in real estate and I will play the market (can you believe one.v.ob, One Voice technologies at a penny, and SUNW, Sun Microsystems at under six bucks?).

I do want you to know that I will continue to be aTEAM Member and me even make it up for December's elections. I have just finished the ailerons and flaps on my Flyin' King, wired my AT-6, and as you know am trying to get that Pica Duelist balanced with those .40s that seem just too heavy. I did fly on Saturday with my Mirage 550 and I forgot how much I love electric power!

I also had Terry Naig and his wife, Sharon, come stay for a long weekend during hunting season here at Lake Selmac. We had fun! I got my buck (7 pointer) two days before the end of season. It was very exciting, and delicious, I might add!

I would like to thank you, Bill for all that you did to help me move all that we did forward. There is no way we could have done so much without the incredible support and help we got from you and the TEAM. You guys are the true heroes! This coun try survives by the passion, heart and courage that can be displayed by a volunteer. God Bless all of you, Bill, this Christmas season...and forever!

Your friend always,

Laureano

Happy Holidays

Bill

P.S. I talked with Roger today and found out that after I left around noon Saturday, Roger was packing up to leave when 10 more kids came out to fly, so he flew them with Dave Bibbee's plane. Thus, he actually flew 20 kids! What a day!

DUES ARE DUE...NOW!!!

Please send your check (\$20) payable to **TEAM** and mail it promptly to: **Dave Bibbee, 26050 NE View Crest Court, Newberg, OR 97132**

TEAM's Officers...

Roger Weeks,
President
