THE WOLF CALL

JANUARY 2007

ACADEMY OF MODEL AERONAUTICS
CHARTER CLUB #3464

Ye Olde Editor: Mike Hazel

Upcoming Events:

Club Pizza Party, January 30, 6:30 PM

**Winter Fun Flys, see enclosed
Schedule.**

The "WOLF CALL" is the newsletter for the Western Oregon Control Line Flyers. "WOLF" members fly at the Bill Riegel Model Airpark facility at the Salem Airport.

WOLF membership is not required to utilize the facility, but fliers should be A.M.A. members. If you are not a WOLF club member, please consider joining us to help support control line model aviation activity in our area!

Miscellaneous Ramblings from Ye Olde Editor

That's right, we are having a club pizza party on Tuesday, January 30th. The location is Papa's Pizza Parlor at 4550 Commercial Street SE in Salem. This should be easy to find for everyone. The restaurant is located across the street from the Winco grocery store.

We have a semi-private meeting area reserved for 6:30. After we see how many members show up, we'll get an order in. WOLF is buying the pizza, and members pick up their own beverages. We may (or may not) have a very brief bit of club business to discuss. Everyone is encouraged to show up, socialize and get to know other club members, maybe some show and tell, and best of all..... "Wolf" down some pizza! Any questions, call Mike Hazel. See you there!

Just a reminder, that Dues are due! Now that it's 2007, please don't wait any longer! Paid up members are: Don Dotter, Gerald Schamp, Mike Hazel, & Jack Pitcher. A renewal form is included in this issue, please note any changes and return. Make sure you have also renewed your A.M.A. as well.

While going thru a new phone book recently, I noted that Leisure Hobbies was listed as "Ultimate Hobbies" in the hobby section directory. I asked Mark, the manager regarding this, and he sez it is just a mistake. Evidently there is a sister store in Auburn, Washington with that name. So, it is still Leisure Hobbies, no changes!

Murphy's Laws Revisited.

1. Law of mechanical repair: after your hands become coated with grease your nose will begin to itch or you'll have to go to the bathroom.
2. Law of tools: any tool, when dropped, will roll to the least accessible corner.
3. Law of probability: the probability of being watched is directly proportional to the stupidity of your act.
4. Law of the telephone: when you dial a wrong number, you never get a busy signal.
5. Law of the alibi: if you tell the boss you were late for work because you had a flat tire, the very next morning you will have a flat tire.
6. Law of lanes: if you change lanes in traffic, the one you were in will start to move faster than the one you are in now.
7. Law of likeability: as soon as you find a product that you really like, they will stop making it.
8. Law of close encounters: the probability of meeting someone you know increases when you are with someone you don't want to be seen with.
9. Law of the result: when you try to prove to someone that something won't work, it will.
10. Law of biomechanics: the severity of the itch is inversely proportional to the reach.
11. Law of carpets: the chances of an open-faced jam sandwich landing face down on a floor covering is directly correlated to the newness, color, and cost of the carpet.
12. Law of logical argument: anything is possible if you don't know what you are talking about.
