VOLUME 15, ISSUE 10

OCTOBER 2007

Club News and other Information

CLUB FLYING STATUS

Every weekend someone has been flying, between the rain and what ever.

The *Fall Follies* were held in Salem on October 6 and 7 and a number of Prop Spinners attended. Mike T. was the CD. The weather did not help much as Sunday was very windy.

John reports in Flying Lines that Paul Walker flew his Impact XLE, Plettenberg, the E stands for Electric. John said it was virtually flow with out any noise.

CLUB DEMO*****

On October 10th we had a DEMO for a group of Stroke victims. The members really turned out even though it was held on a Wednesday. The peo-

ple really seemed to have a great time and had many questions for the members and loved the flying demo. Thanks to all who attended and flew and helped each other. I heard lots of good feed back and it certainly gave these people something to think about and see, I think they had a great outing. **Again Thanks to all Prop Spinners. Job well Done!!**

Humility if like underwear- essential, but indecent if it shows.

Club News::: Remember 2008 officers will be nominated in November and elected in Decem-

ber. Its hard to believe that another years is almost over.

Club Meeting Time and Place

**Next Meeting-
October 21st
at Flying Site
at NOON.**

Up Coming Model Activities

Schedule of Events for the next few months.

Club flying at the airport flying site.

Weather permitting we normally can fly all winter. Put on the long Johns and lets do it. Easy for me to say!!! Build, build that is the word for the winter months.
