Grilling out on Sunday kept our flight totals lower than they could have been but we gotta eat! Despite the feast, we matched last year's Sunday totals. Other than keeping this thing going AND Making sure that FUN is the main ingredient, I don't see a need to change a thing. The only suggestion that I can offer is to have some way on the website to send some pictures while reporting a groups weekend totals.	
10/10/2021	Michael	Cole	wd8nha@yahoo.com	United States	MI		7376 Osborn Street		7	Dad's Original 1963 S1 with McCoy RH 35, My S1 with Fox 35 Stunt, Old Junker S1 with Fox 35 Stunt, S1A with McCoy 29 RH, Garage Sale S1 with Fox 35 Stunt.	1	Mike Cole	Had to wait until last day due to weather, the rain held off until my last flight and was really coming down when i was picking up. I flew my Dad's original S1 he built back in 1963, it was re-built several times over the years and has been hanging on the wall not being flown since the mid 80's. It was a nice tribute to him and the hobby he passed on to fly it in his memory. Always a great event!	5
10/10/2021	John	Paris	parisjm2@aol.com	United States	MI		Chesaning	Chesaning Area Model Flying Club	546	Electric S-1 Ringmaster (3), Electric Jr. Ringmaster, S-1 Ringmaster (5), Imperial Ringmaster, Super Ringmaster, Jr. Ringmaster, Baby Ringmaster, Beginner's Ringmaster and Beginner's Ringmaster Bipe	7	Dale Wenzlick, Bill Thornton, George Heiman, Mike Reemsten, Ed Culberson, Vince Bodde, John Paris	While having fun is the #1 activity, there is a lot of focus on numbers of flights. Perhaps a different yearly target could be set for people to work towards. Examples could be most number of inside loops (probably best to have an equal number of outside loops), most number of figure 8s, longest flight, etc....	5
10/10/2021	Larry	Paluchuk	larrypal@yahoo.com	United States	MI		Chesterfield	Henderson Combat Team	1527	S1 OS 25 FSR, S1 OS25LA, S1 OS25LA, S1 Fox 35, S1 Johnson 29, S1 OS 25 LA bladder fuel system, Scratch built S1 OS25FP, S1 OS 25LA bladder fuel system, Baby RM fox .07	12	Ray Van, Larry Paluchuk, Jim Martin, Keith Hepfinger, Tim Price, Matt Martino, Bob Morse, Ron Colombo, Steve Kott, Benny Henderson, Ron Marchionni, Louie Scavone	We used both Saturdays to do the flying, with the weather was in the 70's and calm winds. A few outside observers were present including two Chesterfield Police Officers. Combat pilots and pit guys are well trained as we are used to getting planes up quickly as is very important in combat flying. 10 pilots were new to there event as they dusted off their 30 year old S1's. two pilot flew last year with another group. Many pilots are in their 70's with one at 82 years old. Lots of fun as we all had the same goal of putting the most flights in that we can. We should post pictures as i have never seen so many ringmasters as some were powered with the same engine.	5
10/11/2021	Richard	Popchok	grump@charter.net	United States	MI		Broome Park, Flint Michigan	Flint Balsa Termites	25	S-1 (2), S-1A, Junior	3	Jay Williams, Jamie Ascenzo, Rich Popchok	Did not fly 1st weekend primarily due to field conditions. Flew on 1st day of 2nd weekend (10/09/2021). Did not fly 2nd day due to weather and field conditions. Our flight totals were down this year due to reduced participation but we still had a good time and look forward to next year.	5

So on the 9th & 10th I flew 2 ringmasters for a total of 19 flights. unfortunately my contribution is not allowed to be added to my clubs total tally. why have a rainout/conflict weekend if it doesn't count? Sorry guys. :( - Bob

The event was held at the BAMS flying field at Joshua Springs Park and Preserve. Pilot participation was low with only two pilots flying S-1 Ringmasters and a Baby Ringmaster. A large number of Spectators enjoyed watching the event. It was a fun event enjoyed by all that attended.

Only the concrete circle was above water and neither one of these Ringmasters had landing gear. Plus nobody wanted to deal with the gators and snakes! Seriously, we had to walk around a Water Moccasin that was straddling the sidewalk and grass. Unfortunately, that was the only way to get to the flying circle. Much to close for comfort, for sure. Maybe next year?	5

Three of our pilots were totally new to control line, and Kaiden the 14 year old, made his maiden flights the day before our event and put up 161 flights over our two days. Of the other two, one made 5 flights, and the other crashed on his first flight. Weather and winds were wonderful to us and we had a ball.	5

We had a couple of first time pilots, a few flying for the first time in a LOT of decades, and some vintage pilots regularly burning a circle at the field. A big thank you to the organizers of this world wide event which seems to do so much to support our hobby.	5

Not being able to buy fuel ingredients we ran out of fuel on the Saturday but continued with the 18volt drill battery powered Beginner Ringmaster model. The drill served as the handle and speed controller with the battery held separately, it proved both fun and practical even if the insulated lines were heavy compared to Spectra or steel lines.	5

Schools are all on-line since the start of the pandemic. We will run another flight this coming Saturday. I was also not able to attend as there are restrictions for seniors (I am 77 years old) to go outdoors. We thank the organizers for this event as it is the ONLY event we can participate internationally!! Thank you thank you!	5
