The "WOLF CALL" is the newsletter for the Western Oregon Control Line Flyers. "WOLF" members fly at the Bill Riegel Model Airpark facility at the Salem Airport.

WOLF membership is not required to utilize the facility, but fliers should be A.M.A. members. If you are not a WOLF club member, please consider joining us to help support control line model aviation activity in our area!

Miscellaneous Ramblings from Ye Olde Editor

Greetings All! Hope you have been out getting lots of flying done. Unfortunately yer editor has been a bit lacking in that area as of recent.

This issue of WOLF CALL is just going to be a quickie, so as to remind everyone as to the activities coming up. Please check out the calendar and flyers enclosed, and plan on making it to some of these events. Whether you use to enter, help out, kibitz, or just watch, you are welcome! As always, if you need more information you can go to the web: flyinglines.org, or contact one of the club officers for more info.

If you have been to the club field lately, you will have noticed rental cars and trucks parked in our grass circle area. Contact has been made with the airport administrator, and he guarantees that this situation will be corrected for our Fall Follies meet in October. This is our largest event of the year, and we absolutely need that circle.

All for now, see ya later! mike
